

The TankSure® Program

Pug's FUEL OIL SERVICE

Home Heating Oil & Home Services

**NOW AVAILABLE
WITH ANY PLAN:**

HEAR WHAT OTHER TANKSURE® CUSTOMERS ARE SAYING:

"The best part about having our oil tank tested was the peace of mind in knowing that if our tank was in need of replacement we would receive \$1,000 towards the cost. An added bonus was the savings on our insurance for participating in the program! We saved nearly 10 times what we paid for the program, now that's value!"

CONDITIONS & EXCLUSIONS

The TankSure® Program provides among other benefits a tank testing service and the TankSure® Program Limited Payment. An ultrasonic tank test will be performed by our technician before your tank can be accepted for enrollment for the TankSure® Program. While we cannot guarantee the prevention of a leak or other failure of your tank, we are providing these new services with the hope that by testing and monitoring, we are offering a long term proactive tank replacement program for our customers. We recommend that an annual test of your fuel tank be performed. If a tank leak occurs due to corrosion once you are on the program, or a tank leak occurs due to a manufacturer's defect or a non-leaking tank is identified for proactive replacement by the TankSure® Tank Analysis Software, Pug's Fuel Oil Service will cover up to \$1,000 toward the replacement of your tank in accordance with the terms of the TankSure® Program Limited Payment. This Agreement is renewed automatically each year. Upon termination for any reason, there shall be no refunds or credits allowed. This Agreement is not in force if the Customer's account is delinquent or if the Customer is not a current heating oil customer. The yearly tank inspection and ultrasonic testing shall be done in conjunction with the customer's regularly scheduled annual heating and/or cooling system tune-up.

Dear Valued Customer,

We are very pleased to provide a unique and valuable addition to our annual service programs. Pug's Fuel Oil Service is now providing the TankSure® Program, an ultrasonic tank testing process, to all customers with an above ground and basement oil tanks at the time of your next service. Pug's Fuel Oil Service's Program offers unprecedented peace of mind for you and your family and protects you against the expense of a heating tank oil leak.

Heating oil tanks typically corrode from the inside out. Your tank may look perfectly fine from the outside, but it could be wearing excessively thin on the inside. This EPA approved ultrasonic testing, performed annually by Pug's Fuel Oil Service's certified technicians, gives advanced warning that a problem is on the horizon.

For qualified tanks we'll provide you with up to \$1,000 toward any possible future tank replacement, plus you may be eligible to receive valuable discounts on your homeowner's insurance policy! In virtually all cases, this program enables us to identify and replace the weakened tank at a minimal cost long before it becomes a problem.

Pug's FUEL OIL SERVICE

Exceptional Value!

PROGRAM BENEFITS

Homeowner's Insurance Discounts

- Our TankSure® Program is now endorsed by the insurance industry
- Discounts are now available on your homeowner's policy
